EASY FOR PARKER.

No Longer Any Doubt That New Yorker Will Win.

Nomination Will Probably Be Made Today and May Come On First Ballot.

Bryan Sets 'Em Wild.
(Special 2:40 p. m.)

St. Louis, July 7.—Convention re-assembled at 2 p. m. At 2:14 Bryan's entrance caused a great popular demonstration that swept the convention off its feet and for half an hour looked like a Bryan stampede. Bryan finally made his way to the platform and shook hands with Judge Parker's daughter and quiet was restored. Committees reported.

St. Louis, July 7.—The steady growth of the Parker strength continues unchecked. In the face of the developments in the convention session, the nebulous opposition grew more uncertain, and now no one can be found to stand for any definite statement that the New Yorker will meet with opposition of a serious character when the convention is polled for first place on the ticket.

Delegates that have wavered in the balance have succumbed to the Parker tide with few exceptions and these are not expected to withstand the almost assured results of the vote as it proceeds, but will change to the Parker column before the roll call is finished.

The convention held only a brief session today. None of the important committees were ready to report. The real work will begin at to-night's session and a nomination will likely be made tomorrow.

Senator J. W. Bailey, of Texas, and Representative Champ Clark, of Mississippi, both declined to accept the permanent chairmanship of the Democratic National convention, but Clark reconsidered and will accept.

St. Louis, July 6.—When Chairman James K. Jones called the Democratic National Convention to order today the great St. Louis Coliseum was crowded almost to the point of suffocation.

When Hon. John Sharp Williams, of Mississippi, minority leader in the house of representatives, was introduced as temporary chairman, the applause became simply deafening. Mr. Williams' address was a remarkable piece of oratory. He proceeded with an analysis of the speeches of the temporary and permanent chairmen of the Chicago convention and of the platform adopted by that body, his incisive and caustic comments on those utterances exciting the enthusiastic applause of the convention, which was accentuated as he then took up the history of the Democratic party and its achievements and predicated upon these a prophecy of the future greatness of the party. For two hours Mr. Williams held his great audience in the spell of his oratory, which was broken by a perfect thunder of applause as he closed.

Kentucky For Parker.

St. Louis, July 5.—Judge Parker will get the vote of Kentucky when his name is presented to the convention. The matter was brought before the delegates by Senator Blackburn. He said in a speech that the nomination of Parker was a certainty, and while his personal favorite was Gorman, he wanted to get in the band wagon, and said that it would do Kentucky no good to be found trailing at the end. There were only two votes against Senator Blackburn's motion and as the unit rule prevails, he will get the entire twenty-six votes.

It was decided to present the name of Gov. Beckham to the convention as a candidate for Vice President.

WATSON & TIBBLES.

Populists Name Two Toms for Presidential Ticket.

Georgian Given First Place and Nebraska Man for Vice President.

Springfield, Ill., July 5.—Thomas E. Watson, of Georgia, for President, and Thomas H. Tibbles, of Nebraska, for Vice President, was the ticket nominated by acclamation to-day by the Populist National Convention. The names of Wm. V. Allen, of Nebraska, and of Sam W. Williams, of Indiana, were placed before the convention for President, but before the list of States had been completed in the roll call, their names were withdrawn, and Watson was nominated by acclamation.

Former Senator Allen made good his word that he would not enter into any scramble for the nomination, and while the nominations were making he twice instructed the Chairman of the Nebraska delegation to say that his name must not go before the convention. But in the face of this, Senator Allen received more than 400 votes, and many believe he would have been nominated had he given his consent to be a candidate. Whether Watson will accept the nomination no one in the convention seemed to know, and all efforts to secure some definite information from Watson's friends failed.

ORDERED HER COFFIN

Colored Woman Insisted She Was Dead a Day Ahead.

Undertaker Ed Glass had a queer experience Sunday morning with a sick colored woman, who sent for him to order her own coffin. Her name was Bell Cornelius, and she was near to death at her home on Fourth Street, of consumption. When the undertaker arrived, the woman told him with a straight face and a serious air, that she was dead and wanted to be buried. She said that she died that morning and wanted her "bones" put away. The undertaker tried to convince her that she was mistaken, but left her laboring under the same delusion. On the following morning the woman died and her instructions were carried out.

VALUABLE ANIMAL.

Cow Produces Nine Gallons of Milk Per Day.

Mrs. Mary E. Giles, of near Howell, is the owner of a Jersey cow which, it is said produces nine gallons of milk per day. The accumulation of lactic acid is so rapid that it has become necessary to milk her three times a day. The large quantity of milk does not include that which is consumed by the calf, which is permitted to lunch at intervals during the day.

TENNESSEE CENTRAL

Officials Make a Flying Visit to The City Tuesday.

Several prominent officials of the Tennessee Central Railroad were in the city Tuesday. In the party arriving from Nashville on the noon train were Mr. J. C. Van Blarcom, President; Mr. E. H. Hinton, Traffic Manager, and Chief Engineer Philbrick. They were met here by General Agent Smith, of the Illinois Central. The trip was one of inspection. Mr. Van Blarcom returned to St. Louis, and Messrs. Hinton and Philbrick went back to Nashville on the afternoon train.

The Home Telephone Co. now has about 275 or 300 telephones "cut in," and is adding to this list about 30 or 40 a day. All will be in working order by this time next week.

THE PATENT ON

Mason Fruit Jars

Ended, Having Been Granted in 1858.

All Manufacturers can brand their jars Mason Patent if they wish and the majority do. Mason Patent Fruit Jars no more apply to any special M'f'g. of fruit jars than the word druggist applies to a special drug store, or the word grocery to a special grocery store. When a person manufactures an article that is Superior as Ball Mason they prefer their name appearing, if Inferior of same the M'f'gr. prefers Not being Known and brands accordingly. We purchased a CAR LOAD of BALL MASON fruit jars as cheap as they have been this season. Then, as now, we could have purchased Other jars for Less Money, but we have had a little experience in this line and profited thereby. If you have used the BALL MASON, (they have been sold here for years) and other brands BUY the ones that have given the Best Results.
